

Nota

Grappa invecchiata

Sweet and persuasive aromatic notes, reminding us of vanilla, custard and withered stone fruit.

Production area

Grapes Teroldego, Pinot Nero, Gewürztraminer

Characteristics

During the slow contact with the wood, the grappa is enriched with a warm amber colour and sweet, persuasive aromatic notes, reminiscent of vanilla, custard and withered stone fruit. On the palate, it expresses a velvety, rounded touch, with a delicate alcohol content and pleasant freshness.

The end result is a rich product with ample and elegant aromas, warm but austere, expressing the richness of the noble grape varieties used. It is distinguished by the excellent aromatic balance given by the long period of ageing.
